# *Acknowledgements*

The monograph “After the traces of our neighbors: Jews in Bosnia and Herzegovina and the Holocaust” would certainly have not been written without the kindness and support of individuals, the academic community and cultural and scientific institutions in Austria, Bosnia and Herzegovina, Croatia, Germany, Serbia and elsewhere, as well as people from the local communities which were the subject of this research. To all of them, the authors owe sincere thanks for contributing to this book.

Special thanks goes to project director Dr. Heidemarie Uhl and the other colleagues at the Austrian Academy of Sciences, for the continuous support and faith in the successful implementation throughout the entire work on this book as part of the project “After the traces of our neighbors: Jews in Bosnia and Herzegovina and the Holocaust”.
